

Assembly Instructions

2TL

Components needed for assembly:

(2) 1"-18mm bolts

(1) 22" Foot
(2" diameter)

(2) 2 1/4" 18mm bolts

(1) 14"x6"
mounting plate

(2) 25.5" vertical columns (2" diameter)

Instructions

1. Holding upright, insert (2) 1" bolts through each of the holes in the mounting plate and into the vertical columns of 2TL-24.
2. Using ratchet wrench, tighten bolts securely.
3. Invert assembly and set mounting plate on the floor with the bottom of the columns facing up. Place the foot over the columns, lining up the holes in the foot and the columns. Insert (2) 2 1/4" bolts through the holes in the foot and into the vertical columns.
4. Using ratchet wrench, tighten bolts securely.
5. Install base to table top or work surface.
